wishing you God's peace this Easter

How about dropping in to one of our Easter events?

We have a range of events over the Easter period so we can **step aside** from our busy lives and **step back** into a part of the Easter story. Each day there is a short 30 minute opportunity for quiet, meditation and listening in the church. Then there are special services over the Easter weekend when we retell the Easter story.

Here in Lawley, the church is *growing and changing* because it is alive. It is a **community** with a *living faith* in a *living God*. As well as a regular Sunday morning service, there is a relaxed, informal café church once a month in Lawley School.

Why not drop in and see for yourself?

Rev. Grant Crowe
Vicar of St John's
the Parish Church in Lawley

THE CHURCH OF ENGLAND "...a Christian presence in every community"

"Then the other disciple, the one who had got there first, went into the tomb, took one look at the evidence, and believed."

From chapter 20 of John's gospel

Dr. Frank Morrison, a lawyer, decided to take three years off from his practice to disprove the resurrection of JESUS. After three years of study, he found that the sheer weight of the evidence compelled him to conclude that "Jesus actually did rise from the dead."

This Easter, millions of people, including families here in Lawley, will remember the events surrounding the death and resurrection of JESUS. But it is more than just a story. It is the secure ground for

a living faith...
in a living God...
in Lawley.
